Numbers given are from the U.S. Census Bureau as posted on its web site (www.census.gov) for incorporated municipalities (cities & villages) with a population of 5,000 or greater within the metro Milwaukee area. Selected data is from published 2010 Census reports and apply to the year 2010 unless otherwise indicated. Other data represent five-year estimates from the 2008-2012 American Community Survey (U.S. Census Bureau). As survey based information, ACS estimates have error margins attached to the estimates. Some numbers presented may vary somewhat from those given elsewhere due to either different source material or minor technical adjustments to census figures.

Among the selected municipalities in this listing, some have land area in multiple counties (the cities of Hartford, Milwaukee and the village of Mukwonago). In each of these cases, numbers given are aggregates over all county locations. Municipalities located in multiple counties are listed under the respective county in which the largest portion of their population resides.
