# About Us

For more than 50 years, the Metro Milwaukee Association of Commerce's World Trade Association's (WTA) has brought together the top minds in international business to learn from subject matter experts, global business leaders and each other. This year, WTA is presenting a series of seven critical topics to help businesses and practitioners at all levels of the company navigate current challenges and succeed in these uncertain times.

Spread across seven weeks, your company will benefit from extended exposure to a unique audience of global business professionals, helping you:

- Raise brand awareness
- Educate the marketplace
- Achieve measurable results
- Make new business contacts
- Reinforce existing business relationships

## Sponsor benefits

- Strengthen your position in the international community
- Enhance your corporate image
- Showcase your products/services to international business professionals
- Direct marketing to top industry leaders
- Network with leaders in the community
- Industry exclusivity at the Platinum level

## Audience you'll reach

Past attendees have included individuals from many of Milwaukee's globally recognized brands.

By going virtual, we are able to expand our audience throughout Wisconsin and beyond to include:

- CEOs & high-level managers involved in international trade
- Small & medium size market exporters & importers
- Educational institutions and key service providers
